## Urologic Cancers Management

Jupiter Medical Center's Continuing Medical Education (CME) Program is pleased to present an outstanding program summarizing the latest updates in the management of urologic cancer patients. Physician speakers representing a variety of prestigious educational backgrounds will present topics covering a summary of the latest advances in radiation therapy and prostate cancer, surgical advances in bladder and renal cell carcinomas, treatment updates in renal cell carcinoma, gene therapy and prostate cancer as well as BPH and chemoprevention of prostate cancer.

Target Audience: Urologists, Medical Oncologists, Radiation Oncologists and Primary Care Physicians.
